Internal/External Job Posting

Job Number: 005540

Closing Date: March 25, 2018

Resumes received in our office after the closing date will not be considered.

	<ul style="list-style-type: none"> ▪ Develop awareness of plant performance to spot trends, bottlenecks, and substandard equipment performance. ▪ Identify opportunities for improvement in reliability, efficiency, and safety. ▪ Propose and provide justification for plant improvements in a timely manner to support a multi-year project cycle. ▪ Identify future major maintenance activities for the TAPS long range plan. ▪ Support facility start-ups / shutdowns and other unusual operations including final field review of engineered changes for startup. ▪ Establish and maintain technical operating parameters and design basis.
Knowledge, Skills, and Abilities:	<ul style="list-style-type: none"> ▪ Expectations for the successful candidate for this job include logical thinkers who are multi task oriented, well organized, efficient at information processing, and have the ability to consistently make critical decisions quickly and correctly. They must have the ability to perform effectively under stress, both working alone and with others on a multi discipline engineering team to tackle difficult problems.
Contributor Level:	Individual Contributor
Pre-Employment Drug Screen Testing:	<ul style="list-style-type: none"> ▪ Alyeska Pipeline Service Company (APSC) requires pre-employment drug testing utilizing hair test collections for all positions. The preferred collection site is from the head (approximately 1/2 inch of hair length necessary). Head hair testing provides an approximate 90 day window of detection that checks for drug use. In addition, for Department of Transportation covered positions, APSC will also utilize urinalysis testing. Any positive drug test makes you ineligible for APSC employment. ▪ It is important to note that APSC does not seek or accept any genetic information as part of the hair testing procedure or any other process that could directly or inadvertently provide genetic information (family medical history).
Employment Verification using E-Verify:	<ul style="list-style-type: none"> ▪ Federal Law requires all employers to verify identity and employment eligibility of all persons hired to work in the United States. Alyeska Pipeline Service Company participates in E-Verify. ▪ E-Verify is an Internet-based system that compares information from an employee's Form I-9, Employment Eligibility Verification, to data from U.S Department of Homeland Security and Social Security Administration records to confirm employment eligibility. http://www.dhs.gov/e-verify
TWIC:	<ul style="list-style-type: none"> ▪ The Alyeska Valdez Marine Terminal (VMT) is a regulated facility, and the employee hired to work on the VMT or to provide emergency support or other approved work for the VMT will be required to have a Transportation Worker Identification Credential (TWIC). For more information about this Federal credential access the Web site listed below. The successful candidate for this job will be notified if a TWIC will be required and will then be responsible for enrolling and obtaining a TWIC prior to their hire date. http://www.tsa.gov

ALYESKA PIPELINE SERVICE COMPANY IS AN EQUAL OPPORTUNITY EMPLOYER THAT VALUES WORKPLACE DIVERSITY.
